MEMORANDUM FOR THE RECORD

SUBJECT : Sanitization and Declassification of Portions  
of the 1967 IG Report and of the 1977 Task  
Force Report

25X1 1. On Friday, after receipt of a request from HSCA  
25X1 for [redacted] to testify in the public hearings  
this week, I spoke with Mr. Carlucci about it. We had  
protected [redacted] from public identification previously,  
although he had testified at length in executive session  
before the Church Committee; his name had been omitted  
from the Church Committee reports, although his work and  
title are there. Upon the DDCI's instructions I spoke with  
25X1 Mr. Blakey, asking if it could be arranged in some way to  
avoid [redacted] public appearance. We discussed it  
again Saturday, at which time he agreed for [redacted]  
25X1 to testify on tape (to be played at the hearings) without  
giving his name. This was set up for Monday afternoon,  
with [redacted] being present.  
OGC provided a notary public to give the oath.

2. In preparation for this testimony, we also had a  
request for sanitization of additional pages from the 1967  
IG Report and from the 1977 Task Force report. Under the  
procedure employed for earlier sanitization and declassifi-  
cation of the 1967 IG Report, [redacted] of LA Division,  
DDO, and the undersigned, reviewed the pages, sanitized  
them for declassification, and the undersigned declassified  
them. They were passed to the HSCA.

3. Attached are the pages in question prior to saniti-  
zation (Tab A) and the final sanitized and declassified  
pages (Tab B)

[redacted]  
S. D. Breckinridge

Attachments:  
Tab A & B

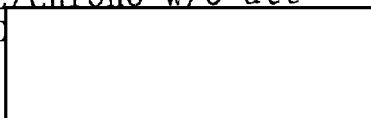

This document may be  
downgraded to Confidential  
when detached from Att. A
